Butterfly Refuser Soother

Babies Can't Refuse It

Especially created for babies who usually refuse soothers

- Smaller round nipple
- Lighter weight with compact small handle
- Safe, one-piece non-tear soother
- Pure grade A silicone, with no absorption of bad odors or after tastes
- Hole in the back encourages easy training
- Fits the European standard EN 1400
- BPA free, Latex free and Phthalate free

Symmetric, two-sided butterfly shape enables free breathing

Ventilation holes prevent irritation

Smaller round nipple simulates mother's nipple

Insert finger in hole for easy training
